1951 INTRODUCTIONS

CAPITAL CITY (Phillips-Rocky River) — A 10x7 inch lavender semi-cactus on good stems. Easier to grow well than most others of our present crop of lavender semi-cactus varieties. Winner of the American Home Achievement Medal at Washington in 1949. Cretified at East Lansing in 1949. On Flower Grower's Honor Roll. Root \$15.00—Plant \$5.00 net

CLARIAM ROYALTY (Wolbert-Rocky River)—A large purple straight cactus which has been grown 12x9. Lighter reverse shows at centers, highlighting the blooms. A solid flower with very good substance, on canelike stems. It has practically nothing to beat in its class. Winner of seven American Home Achievement Medals at 1950 shows. On Flower Grower's Honor Roll. Many seedling sweepstakes awards. ---- Root \$15.00—Plant \$5.00 net

CONNIE CASEY (Rev. Engle-Rocky River)—A B-size cactus with lacinated petals. Golden-buff suffused pink on outer areas; general effect is light autumn. A seedling of Miss San Diego. On Flower Grower's Honor Roll. -- Root \$7.50—Plant \$2.50 net

COSMOPOLITAN (Phillips-Rocky River)—Winner of the Derrill W. Hart Medal for A-size varieties in 1949. A medium shade of red, suffused gold on outer portion of the petals. Blooms average about 8x5, but can be grown to 10 inches or more. On Flower Grower's Honor Roll -----
----- Root \$10.00—Plant \$3.50 net

ESQUIRE (Martin-Rocky River)—A very large purple formal which easily attains 11 and 12 inch size. Petals are pointed at tips. Stems are good and well proportioned. With Mrs. Hester A. Pape classed red, Esquire should be just about tops in its class. On Flower Grower's Honor Roll. -----
----- Root \$15.00—Plant \$5.00 net

FORMALITY (Olsen-Rocky River)—A rugged formal of a peculiar shade of pink, suffused autumn. It is an outstandingly strong grower and can probably stand a lot of forcing. Unforced blooms average about 10x6. ----- Root \$10.00—Plant \$3.50 net

GOLD COIN (Pape-Rocky River)—A deep gold incurved cactus, growing up to 10 inches in diameter. Excellent substance, and a well formed flower on good stems. ----- Root \$10.00—Plant \$3.50 net

HAZEL HARPER (Harper-Rocky River)—An outstanding miniature straight cactus of true pink with white centers. Extremely prolific. Has no less than four certificates of merit (all scores above 85), and will be a strong contender for Derrill W. Hart Honors this season. On Flower Grower's Honor Roll in 1949 and 1950. ----- Root \$5.00—Plant \$2.00 net

HOBO (Rocky River)—Not in the same class with our recent originations, Jane Lausche, Mrs. E. J., and Windlassie, but we are introducing it by popular demand of visitors here. A 10-inch formal with heavy waxy petals. Centers are white, blending to true, deep lavender on outer half to third of petals. Chief fault is heavy short stems on early blooms. Later stems are good. On Flower Growers Honor Roll. ----- Root \$5.00—Plant \$2.00 net

NAY AUG (Webb-Lewis-Rocky River)—A perfectionist flower of B-size, with good depth. Shrimp pink blooms about 8x4. Should be an easy winner in a class that is largely void. Stems are ideal. Winner of the Anthracite Award (for B-size flower) at Scranton, and the Leonard Barron Trophy at New York (also for B flowers). Seedling sweepstakes award at three shows, and on Flower Grower's Honor Roll. ----- Root \$10.00—Plant \$3.50 net

PIRATE TREASURE (Marsh-Rocky Ford)—Records fell by the wayside as this variety won 10 American Home Achievement Medals during the 1950 show season. Numerous sweepstakes awards for seedlings, and bst large bloom in show honors. Blooms average about 10x5, but have grown 12x8. A massive flower of rich autumn, sometimes suffused red. A near formal, but will probably be classed informal. Never a variety with a more perfect stem. On Flower Grower's Honor Roll. -----
----- No roots—Plants \$3.00—6 for \$15.00 net

SOUTHERN BELLE (LaMotte-Rocky River)—A highly useful florists' variety. Blooms about 6x3. White centers with outer half, to third, suffused deep rose-red. Dainty and striking in appearance. Deeply notched petal tips give an initial appearance of a semi-cactus. We consider it a formal, others class it informal. Stems are very long and slender, and the stalks are also slender, with nodes widely spaced. Profuse bloomer. Certified at Atlanta in 1950. On Flower Grower's Honor Roll. -----
----- Root \$5.00—Plant \$2.00 net

VAL'S YELLOW (Veirs-Rocky River)—One of the late Val Veirs' favorite seedlings. A very large yellow semi-cactus which produces many 11 and 12-inch blooms. A trifle shallow. Slender stems are best if grown to no more than six canes. On Flower Grower's Honor Roll. -----
----- Root \$10.00—Plant \$3.50 net

YELLOW DAINTY (Haugh-Rocky River)—A yellow incurved cactus, averaging about 7½x3½ in size. Good stems and good substance. It will win its share of ribbons against present varieties in its class. ----- Root \$7.50—Plant \$2.50 net

PINK FROSTING—FD Bloom 7x5, bush 4½ ft. Deep rose pink, free bloomer on long stems -----
----- Plant \$1.50
